BLU-MOL®

BORDO METRIC DELTA POINT M2 HSS JOBBER DRILLS

With multi-faceted cutting tip, **Delta Point tip design** is a revolutionary rethink of drill tip function. The overall length of the cutting edge significantly exceeds that of conventional drills. This means more edge doing the cutting & the results are simply extraordinary. Drilling times for a range of split point & Delta Point drills consistently showed that Delta Point bits were twice as fast in mild steel and during independent lifetime testing Delta point drill bits averaged 609 holes in 20mm mild steel, **ten times more holes** than split point drills.

P/n DP2015M2 Delta Point M2 HSS drill set 1-10mm x 0.5 rises ABS case
